Sir John Yarle Buller reported from the Select Committee on Petitions for Private Bills;—That in the case of the Petition for the Midland Counties Railway Bill, the Standing Orders had not been complied with;—but it appeared to the Committee that the present application is limited to obtaining power to raise a further sum of money not exceeding 200,000L., to enable the Company to discharge certain liabilities which they have incurred, and to enable them to effect the completion of the entire line of Railway, which they hope to be enabled to open to the public at the end of the present month;—that it further appeared to the Committee, that the necessity for the present application was not known to the Company until a very recent period, inasmuch as in November last they caused revised estimates to be prepared as to the works then remaining to be executed, the result of which estimates satisfied the Company at that period, that it would not be necessary to apply in the present Session of Parliament for the power they seek to obtain;—that by the experience they have since had in the working of those portions of the line which have been opened to the public, namely, from Nottingham to Derby, and from Nottingham and Derby to Leicester, they find that the convenience and safety of the public require much greater and far more expensive accommodation than they had before anticipated, and that the Company will not be able to continue the working of the line with a due regard to those objects, unless they be enabled immediately to raise the sum required for providing more commodious stations, station-rooms and warehouses throughout the line, and also the additional stock of carriages and engines, and various other matters connected with the carrying establishment which experience has shown they will require;—that it also appeared to the Committee that in addition to the sources of expense above enumerated, the general expenses of the formation and completion of the line of Railway have, since the commencement of the present Session of Parliament, increased to a degree far beyond what had been before anticipated, and that such increase has arisen not from any error in the estimates, but from the necessity which experience has shown to exist for executing works of greater magnitude than had been contemplated.

Ordered, That the Report be referred to the Select Committee on Standing Orders.

insufficient endowment thereof in other places, as such facts have been severely set forth in the Reports of the late Ecclesiastical Commissioners; to assure Her Majesty, that this House is deeply impressed with a just sense of the many blessings which this country, by the favour of Divine Providence, has long enjoyed, and with the conviction, that the religious and moral habits of the people are the most sure and firm foundation of national prosperity; to state to Her Majesty the opinion of this House, that no altered distribution of the Revenues of the Established Church could remove the existing and augmenting evil, arising from the notorious fact, that the rate of increase is rapidly progressive; that the grants made by the present century, and that the increase of this House, that no evidence has been made to the population of England and Wales since the commencement of the present century, and that the rate of this increase is rapidly progressive; that the grants made by the wisdom of Parliament, on the recommendation of the Crown, in 1818 and 1824, have been inadequate to supply the national wants; and that, though private and local liberality has been largely manifested in aid of particular districts, the greatest wants exist where there are the least means to meet and relieve; to assure Her Majesty that this House, feeling that God has entrusted to this nation unexampled resources, is satisfied that it is the duty of the Government to employ an adequate portion of the wealth of the nation to relieve the spiritual destitution of large masses of the people whose labour that wealth has been enlarged; and humbly to request Her Majesty, that this House will cheerfully make good such necessities as Her Majesty may be pleased to recommend, in order to provide for the people in England and Wales further and full means of religious worship and instruction in the Established Church.

satisfied the Committee of the fact, that, from the period of the separation of the parties, upon the first charge of adultery, in the year 1837, until the year 1839, the Petitioner was not in circumstances to enable him to bear the expense of such proceeding; that, within that period his wife had criminally associated with other persons, and, in the year 1831, had been prosecuted for bigamy at the expense of the County of Lancaster, his own pecuniary means not enabling him to undertake the prosecution; the Petitioner, however, having by industry and frugality materially improved his circumstances, he took the earliest opportunity in his power of instigating a suit for a divorce, upon the ground of adultery, in the Ecclesiastical Court, and obtained a definitive sentence therein, as stated in the Presentable; but, whether the facts so proved entitled the Petitioner to be relieved from the operation of the Standing Order which requires that an action for damages should be brought, and a judgment had thereupon, is a question which the Committee had no power to decide, and they submitted the same to the consideration of the House; and the Amendments were agreed to:

Pr. 1. 24. Leave out "an illegitimate" and insert "a."

Pr. 1. 25. Leave out "July" and insert January.

Pr. 2. 1. 9. Leave out from "child" to "that" in 1. 10.

A Petition of the House of Assembly of Prince Edward's Island, was presented, and read; setting forth; That, since that Colony became a place of abode for British subjects, it has laboured under a grievance which has every year been increasing in magnitude, and results from the land having been granted to individuals in townships of twenty thousand acres, along with many disadvantages, one principal evil flowed from the terms of these grants, and from the indulgences extended to the grantees by the Crown. Then it was, that a majority of the agriculturists were kept under thraldom by the grantees and their agents, and the chief means of their so doing was by the exaction of a rent, which bore so hard on the individual entering on the land, that, in many instances, he was never able to get his family, that he was plunged into debt, from which, in many instances, he was never able to get free, and which at all times was a most serious drain upon the resources of the people, and one which the Petitioners have passed through at different times since 1802, a remedy was pointed out by the late Lord Hobart, namely, the establishment of a Court of Escheat, but this measure, which would have been efficient for removing the evils complained of, was defeated through the combinations of the grantees and their agents; that, at different times since 1802, the matter has been moved in the House of Assembly; but as, since 1829, the exertion of rents has been increasing in rigor, the whole Colony has been in perpetual agitation, for which no remedy can be found but the removal of the principal grievance; when the Petitioners make this statement it behoves them to prove it; and, without building on the various representations of the House of Assembly to the Colonial Department, supported by examining the documents contained in the Copies of the Journals of the House of Assembly transmitted to the Colonial Office, the Petitioners crave leave to refer to an authority which, it is presumed, will not be disputed, namely, the Report of the Earl of Durham, and the evidence taken before the Commissioners who accompanied that nobleman; had a Court of Escheat been established, then the grantees and their representatives must have lost their claim on the lands of the colony, and have received a compensation for any outcry they had made; and the people of the Colony did not doubt that the Crown, when aware of the real state of the island, would not have imposed on them such onerous conditions; during the past eight years repeated applications for a Court of Escheat have been rejected by the Colonial Ministers; and as a last measure for doing away with agitation by alleviating this weighty grievance, the Petitioners have passed a Bill for purchasing within ten years the forfeited land, at fifteen years' purchase; the Petitioners submit, that this, like the other colonies, has suffered great disadvantages from the opposition of the Legislative Council to reforms proposed by the House of Assembly; but that, in this respect, the Petitioners have suffered what no other colony has suffered for the last hundred years; for the Council, composed chiefly of the heirs and representatives, and agents of the grantees, has not only opposed those reforms, but has done the country the far greater injury of endeavouring to frustrate the operation of the principal grievances affecting the agricultural interest in that colony, in regard to the tenure of land.

Ordered, That the said Petition do lie upon the Table; and be printed.

Sir George Grey reported from the Select Committee appointed to consider whether any and what improvement can be adopted in the mode of conducting Private Business; and who were empowered to report their Observations and Opinion thereupon from time to time to the House; That they had made further Progress in the matters to them referred, and had come to several Resolutions, which they had directed him to report to the House; and the Resolutions of the Committee were read, as follow:

1. Resolved, That previous to the Session of 1830, the constitution and practice of Committees on Private Bills were so ill calculated to procure due investigation of the subjects referred to them, or to lead to equitable decisions thereon, as to have drawn forth so many complaints, to the discredit of Committees, and the disparagement of their proceedings.

2. Resolved, That such evils were mainly attributable to a system of canvass, by which, in opposed Private Bills, the attendance of Members was procured to vote upon questions without having heard the evidence, or understood the case; and in unopposed Private Bills, the names of Members were used as having been in attendance upon Committees from which they had been altogether absent. That such practice had the effect of compelling Members to sanction or to appear to sanction proceedings of which they had no cognizance, and in unopposed Private Bills, of construing the Bill promoters, to whom a similar principle was not applied, as having influence in the framing of provisions by which the rights and properties of absent parties are of the public might, and in all probability would, be materially affected.

3. Resolved, That to avert similar evils the House of Lords long since resorted to a system by which all unopposed Private Bills are subjected to the vigilant and uniform investigation and correction of the Chairman of their Lordships' Committees, and in the Session of 1838 adopted the plan of entrusting each opposed Private Bill to a Committee of Five Lords, named in each case by a Committee of Selection for that purpose.

4. Resolved, That it appears from the concurrent testimony of the witnesses examined, that the system adopted by the House of Lords for constituting Committees on opposed Private Bills has been successful in averting the evils previously attendant on the constitution of such Bills, and that the adoption of this plan by this House, in the last Session of Parliament, of a plan so far similar as regards the constitution of a Committee of Selection, and the appointment by that Committee of disinterested Members to whom the Committees on Private Bills, has had the effect of abating, in great degree, practices which had excited general complaint and reproval; and that therefore this plan ought, so far as regards opposed Private Bills, not being Divorce Bills, to be persevered in.

5. Resolved, That as there are conflicting opinions in regard to the advantage derived from the service on Committees on opposed Private Bills of Members having local knowledge of the matters to which such Bills refer, or whose constituents are interested therein, it would be inexpedient, without further experience, so far to assimilate the system of this House to that adopted in the House of Lords as to convert such Committees, into purely judicial bodies, and by consequence to exclude therefrom all Members that have local knowledge, or whose constituents are locally interested.

6. Resolved, That great difficulty has arisen in procuring the attendance of disinterested Members on Committees on unopposed Private Bills; and that although this difficulty has hitherto been to a great measure met by the voluntary personal attendance of the Members of the Committee of Selection on such Committees as a temporary expedient, it appears that they will not be able, nor could they be expected to continue to give such attendance.

7. Resolved, That in order to secure a due attention to the details of unopposed Private Bills, it would be expedient to adopt in this House a system analogous to that adopted by the House of Lords, and for this purpose to appoint an individual Member, to whose uniform scrutinizing examination every unopposed Private Bill, not being a Divorce Bill, should be submitted, who should be also the Chairman of the Committee on every such Bill, and who, together with the two or more Members ordered to bring in the Bill, should constitute the Committee on such Bill; and that such Chairman, and one at least of such Members, should be the Chairman of the House of Commons long since resorted to a system by which all unopposed Private Bills are subjected to the vigilant and uniform investigation and correction of the Chairman of their Lordships' Committees, and in the Session of 1838 adopted the plan of entrusting each opposed Private Bill to a Committee of Five Lords, named in each case by a Committee of Selection for that purpose.

8. Resolved, That the Chairman of the Committee of Selection should, in addition to the general duty of directing the practice of The House, and the Orders and Proceedings thereof, appears to be the individual Member to whom the House might most satisfactorily confide this duty. That he should be empowered, however, at any period of the investigation or proceeding of the Committee of an unopposed Private Bill, to report to the House (if he should think fit to do so).
do so) his opinion that such Bill should be withdrawn from the Committee on unopposed Private Bills, and be treated as an opposed Private Bill. That to facilitate his endeavours in every case thoroughly to investigate, and in many cases to submit the Report of the numerous Private Bills which would be laid before him, it would be expedient that he should receive the assistance of the officer appointed to prepare the Breviaries of Private Bills. That for services so important and onerous, the additional compensation to be made to such Chairman must be a matter for the judgment of the House; but it has appeared to this Committee that an additional salary of £5,000 a year would be an adequate remuneration for the additional duties to be imposed on the Chairman of the Committee of Supply; and that in the case of the future appointment of another individual to this office, his whole salary should be £2,500 a year.

Resolved, That the permission usually granted to agents to fix the first Sittings of Committees on Private Bills, without reference to the convenience of Members, occasions an impediment to the proper and satisfactory course of business, and injuriously affects the interests of those who are authors to this House for Private Bills; that, therefore, it is expedient that the first Sittings of all Committees on Private Bills should be, as formerly, fixed under the authority of the House, and that every postponement of any such first Sitting should be permitted only under the sanction of a similar control. But as the Committee of Selection have facilities for ascertaining what arrangements are calculated to meet the convenience of all parties, it is expedient that the Committee of Selection should be empowered to appoint the time for holding the first Sitting of every Committee on a Private Bill, but in the case of opposed Private Bills, after communication with the Members ordered to bring in the Bill; and that no postponement of such first Sitting should take place unless such postponement and the duration of it be sanctioned by the Committee of Selection.

Ordered, That the Report do lie upon the Table; and be printed.

Mr. Wilson Pettit reported from the said Select Committee; and to whom several Petitions were referred; that they had considered the matters to them referred; and had come to several Resolutions, which they had directed him to report to the House, together with the Minutes of the Evidence taken before them; and the Resolutions of the Committee were read, as follow:

1. Resolved, That the privilege of having bonding warehouses may be conceded to inland towns, under due restrictions and regulations, with advantage to trade, and safety to the Revenue.

2. Resolved, That the Bill now before Parliament on this subject, is well calculated to effect this object. They are, however, of opinion, that the first Clause should be so altered as to give a power to the Treasury to take into consideration losses caused by accident.

3. Resolved, That the Board of Treasury should be obliged by law, to lay before Parliament, annually, within Six weeks after the commencement of each Session, an account of the inland towns to which the privilege of bonding goods shall have been conceded within the preceding Twelve months, and the restrictions and conditions, if any, with which the privilege has in each case been granted, together with a list of the officers of Revenue appointed for the execution of the bonding system, with the amount of salaries and other expenses likely to be annually incurred in regard to each of such towns, by the adoption of this system therein.

It appears that in Mr. Baker's district, owing to his construction of the import of the above regulations, they have been inoperative. The Committee must also observe, that according to the Returns submitted to them, the restriction of question exists only in Middlesex.

Ordered, That the Magistrates in Quarter Sessions assembled are authorized by the Act 25 Geo. 2, c. 29, to pay the Coroners for all inquests which are "duly" taken. Ordered, That the Magistrates, in summoning the Coroners on the auditing of their accounts, appear to have erred, in one instance, by exercising such powers in Committee whilst it belonged exclusively to the general court.

Resolved, That the Magistrates deriving from the Act 1 Vic. c. 68, the discretionary power of administering in general court an oath to the Coroners, as to the correctness of their accounts of the sums disbursed by them, under the provisions of the aforesaid Act, do not appear to have exceeded their power; and that the practice has not in any degree reflected on the character of the Coroners.

Notice being taken, that Forty Members were not present, the House was adjourned by Mr. Speaker, and Forty Members not being present; and it being then after four of the clock:—The House was adjourned by Mr. Speaker, without a Question first put, till To-morrow.

Municipal Corporations (Ireland) Bill.

Lord Viscount Morpeth reported from the Committee appointed to draw up Reasons, to be offered to the Lords at a Conference, for disagreeing to certain of the Amendments made by the Lords to the Bill, intituled, An Act for the Regulation of Municipal Corporations in Ireland: That they had drawn up Reasons accordingly, which they had directed him to report; and the same were read, as follow:

Printed Bill as amended on Report.

The Commons propose to amend the Amendment made by the Lords in Pr. 7. 1. 9, as follows:—

Clause vi. 1. 19. Fo. 2. 1. 2. After "Burgess" insert "of any such Borough as aforesaid." 

Clause vi. 1. 24. Fo. 2. 1. 13. After "Burgess" insert "of such Borough." 

Clause vi. 1. 50. Fo. 3. 1. 8. After "Burgess" insert "of such Borough." 

Clause vi. 1. 39. Fo. 4. 1. 11. After "contained" insert "Provided always, That nothing in this Act contained shall operate or be construed to create any right to be admitted a Freeman or Burgess of any borough, or to be placed upon the Freeman's Roll of any borough, in any case in which a right to be admitted a Freeman of such borough, by reason of birth, marriage, or servitude, or of some statute so in force, does not now exist or would not exist if this Act had not been passed."

Because the Commons deem it necessary to explain (that which they understand to be intended in the Amendment to the Sixth Clause) namely, that, by the Bill, existing rights to the franchise shall be preserved, but that new rights shall not be created.

The Commons agree to the Amendments Pr. 9. 1. 1 and 1. 5.

Clause viii. 1. 3. The Commons disagree to the Amendment made by the Lords in Pr. 9. 1. 20, for the following Reasons:

Because the First of December is the day named for the corresponding purpose in the English Municipal Reform Act.

Because the First of December was the day on which, in the Irish Municipal Bill of 1838 (in the Thirty-first Clause) and in the Irish Municipal Bill of 1839 (in the Seventh Clause) both Houses of Parliament agreed that this Duty should be performed.

Because it is not expedient to entrust such a duty to officers who belong to those corporations, the whole structure of which it is the object of this Bill to change, and who would exercise that duty without any public control or responsibility.

Because, while the Bill provides for a person excluded from the lists the remedy of a claim before the Mayor, no remedy is afforded for improper admissions upon the lists, save on appeal to a court of law; and by the Clause which provides for the appeal (Clause (A) added by the Lords) the right of any Freeman heretofore admitted cannot be questioned before the appellate tribunal.

The Commons agree to the Amendments as far as Pr. 10. 1. 26.

The Commons propose to amend the Clause viii. 1. 27. Amendment Pr. 10. 1. 26., by inserting after "behalf" in Fol. 7. 1. 1. the words "or any registered Parliamentary elector of such borough," for the following Reason:

Because they conceive that the right of inspection ought to be co-extensive with the right of appeal.

The Commons agree to the omission of the Clause in Pr. 11. 1. 5., but propose to amend Clause (A) as follows:—

Clause vi. 1. 18. Fo. 2. 1. 10. After "be" insert "so" and l. 13. after "Act" insert Provided also, that the right of any person to be upon such Freeman's Roll may be also questioned and determined upon an information in the nature of a quo warranto to be filed by the Attorney-General, or with the leave of the Court of Queen's Bench, by any such register- ed Parliamentary elector for the following Reason:

Because the right to the corporate franchise ought to be subject to such inquiry in a court of law, that a final decision may be obtained upon it in the highest court of judicature;
cature; and while the Commons concur in providing a summary mode of appeal, if the parties desire it, they deem it right to preserve that form of proceeding in which such important rights may be finally determined by the highest appellate tribunal.

The Commons agree to Clause (B.)

The Commons agree to the Amendments as far as Pr. 14. l. 27.

The Commons propose to amend the Clause xiv. 1. 14. Amendment Pr. 15. l. 27., by inserting before the word “one” the words “in every borough named in the Schedules (B.) and (L) respectively to this Act annexed, in which there shall have been then elected any Commissioners under the Act of the Ninth year of the reign of King George the Fourth hereinbefore mentioned, and on the Twenty-fifth day of October in the year One thousand eight hundred and forty,” for the sake of giving effect to that part of the Lords Amendment to which the Commons have already agreed in Pr. 14. l. 27.

The Commons agree to the Amendments, Pr. 16. l. 38., and Pr. 17. l. 1.

The Commons propose to amend the Clause xv. 1. 2. Amendment, Pr. 16. l. 3., by inserting before the word “one” the words “in every borough named in the said Schedule (B.) in which any Commissioners shall then have been elected under the Act hereinafter next mentioned, and on the Twenty-fifth day of October in the year One thousand eight hundred and forty.”

And the Commons propose to amend the Bill, Pr. 16. l. 3., by after “every” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xvi. 1. 2. Amendment, Pr. 18. l. 30., by inserting after “any” the words “in every borough named in the Schedule (I.) to this Act annexed, in which there shall not then have been elected any Commissioners under the said Act of the Ninth year of the reign of King George the Fourth; and where there shall be then guardians of the Poor, and on the Twenty-fifth day of October in the year One thousand eight hundred and forty.”

And the Commons propose to amend the Bill, Pr. 19. l. 30., by after “any” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xix. 1. 2. Amendment, Pr. 20. l. 14., by inserting before the word “one” the words “in every borough named in the Schedule (L) to this Act annexed, in which any Commissioners shall then have been elected under the said Act, passed in the Ninth year of the reign of King George the Fourth, and on the Twenty-fifth day of October One thousand eight hundred and forty.”

And the Commons propose to amend the Bill, Pr. 20. l. 13., by after “every” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xx. 1. 2. Amendment, Pr. 22. l. 30., by inserting after “any” the words “in every borough named in the Schedule (M.) to this Act annexed, in which there shall have been elected any Commissioners under the said Act of the Ninth year of the reign of King George the Fourth.”

And the Commons propose to amend the Bill, Pr. 23. l. 30., by after “any” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xxv. 1. 14. Amendment, Pr. 29. l. 14. and 1. 14., for the following Reason: Because, if it be just that a corporate body, with a power of taxing, shall not be created in the town without the assent of the majority of the Ten pound householders (by whom the members of that body are to be elected), it is not less just that it shall not be created without the assent of all those over whom it is to exercise a taxing power.

The Commons agree to the Amendment Pr. 19. l. 12.

The Commons propose to amend the Clause xxvi. 1. 2. Amendment, Pr. 16. l. 3., by inserting before the word “one” the words “in every borough named in the said Schedule (B.) in which any Commissioners shall then have been elected under the Act hereinafter next mentioned, and on the Twenty-fifth day of October in the year One thousand eight hundred and forty.”

The Commons agree to the Amendments, Pr. 16. l. 38., and Pr. 17. l. 1.

The Commons propose to amend the Clause xxvii. 1. 2. Amendment, Pr. 18. l. 30., by inserting after “any” the words “in every borough named in the Schedule (I.) to this Act annexed, in which there shall not then have been elected any Commissioners under the said Act of the Ninth year of the reign of King George the Fourth; and where there shall be then guardians of the Poor, and on the Twenty-fifth day of October in the year One thousand eight hundred and forty.”

And the Commons propose to amend the Bill, Pr. 19. l. 30., by after “any” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xxviii. 1. 2. Amendment, Pr. 20. l. 14., by inserting before the word “one” the words “in every borough named in the Schedule (L) to this Act annexed, in which any Commissioners shall then have been elected under the said Act, passed in the Ninth year of the reign of King George the Fourth.”

And the Commons propose to amend the Bill, Pr. 20. l. 13., by after “every” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xxix. 1. 2. Amendment, Pr. 22. l. 30., by inserting after “any” the words “in every borough named in the Schedule (M.) to this Act annexed, in which there shall have been elected any Commissioners under the said Act of the Ninth year of the reign of King George the Fourth.”

And the Commons propose to amend the Bill, Pr. 23. l. 30., by after “any” inserting “other,” for the sake of giving effect to that part of the Lords Amendment, to which the Commons have already agreed in Pr. 14. l. 27.

The Commons propose to amend the Clause xxx. 1. 3. Amendment, Pr. 34. l. 6., but propose Clause xxx. 1. 40. to introduce an Amendment at the end of the Clause, to carry into effect a part of
of the object of the Lords Amendment, for the following Reasons:

Because if there be a bonâ fide constituency of occupiers of houses of the value of Ten pounds, ascertained by rating as the test of that value, the Commons see no reason for requiring that the tenement, which confers the franchise, not only shall be occupied for Twelve months previously to the 31st of August, but shall also be rated during that period.

Because the effect of this Amendment would be to postpone the establishment of the new corporate bodies, in some places for a year and a half, in others for nearly two years after the making of the rate.

Because by the Amendment which the Commons propose, the Act may come into operation in the present year, with a bonâ fide 101. constituency tested by rating; the persons entitled to the municipal franchise having paid all the poor rate which shall have been due, when they shall exercise the burgess franchise.

The Commons agree to the Amendment, Pr. 34. l. 7.

The Commons disagree to the Lords Amendments in Pr. 34. l. 14., for the following Reasons:

Because the only taxes which the Legislature has required to be paid, with reference to the Parliamentary Franchise, are those which are specified in the Clause as it stands in the original Bill; and the Commons see no Reason for adding the obligation of paying additional taxes as a condition for the acquisition of the burgess franchise.

Because no such obligation as that suggested by this Amendment is, in England, imposed as a condition for the acquisition of the municipal franchise.

Because, to require payment of all local taxes (some of which, though small in amount, exist only in certain parts of the town), varying in the periods of collection, and sometimes subject to dispute, (both as to the liability of the tenant and as to the amount of the tax), might present an embarrassing impediment to the acquisition of the franchise, not necessary for testing the solvency of the burgess.

The Commons disagree to the Amendment in Pr. 34. l. 19., for the following Reasons:

Because the English Municipal Act exempts the burgess from the obligation, as a condition for acquiring the municipal franchise, of paying rates, which shall "be due payable within six months next previous to the 31st of August;" in conformity with which the Commons proposed the Clause as it now stands in the original Bill.

Because, in Ireland, by the Parliamentary Reform Act, a similar exemption is enjoyed in reference to the Parliamentary franchise.

Because the Commons are of opinion, that as this Bill creates a more limited constituency for the Irish corporate towns than that given to the English corporate towns by the English law, and as it also provides a more strict, if not a higher, test for the municipal franchise than that provided for the Parliamentary franchise, the Bill ought not to impose greater restrictions as to the payment of taxes, than those imposed by the Municipal Reform Act in England and the Parliamentary Reform Act in Ireland.

The Commons agree to the Amendment, Pr. 34. l. 31., but propose to insert, instead of the words so left out, the following words, to which they have before referred in their Reasons on the Amendment of the Lords in Pr. 34. l. 6.

"Provided also, That the premises in respect of the occupation of which any person shall be entitled so to be enrolled, shall, in the present year, have been rated as aforesaid, on or before the Fifth day of April, and shall, in any future year, have been rated as aforesaid for the space of Six calendar months at the least next preceding such last day of August;"

"Provided further, that in the present year, such person shall, before the Twenty-fifth day of October, have paid the full amount of one half year's rate for the year; or, if the poor in respect of such premises,"

The Commons agree to the Amendments as far as Pr. 47. l. 9.

The Commons agree to the Lords Amendments, Pr. 47. l. 9.; but to provide for any case to which the Amendment may be found not to apply, and as a consequential Amendment to that to which the Commons have agreed, they propose to insert, after the words "ward of such borough" in the original bill, in Pr. 47. l. 14. the words "or, where there shall not be such churchwardens, such person as the Lord Lieutenant shall appoint."
"the said borough, and thereafter no
"further appointment of trustees shall
"be made under the provisions herein-
"before contained" for the following
"Reason:

Because the Commons are of opio-
nation that the new corporate bodies
may, (especially in the case in
which the trusts contemplated in
in this Clause are for the supply-
ing of water to the inhabitants of
the town,) usefully apply a por-
tion of the corporate property in
obtaining possession of the shares of
d Private individuals, and in thus
applying the trusts, not for the
profit of persons interested in a
joint undertaking, but for the
general benefit of the town.

The Commons agree to the Amend-
ments as far as Pr. 144. 1. 24.

The Commons propose to amend the
Cl. cxxxv. 31. Amendments in Pr. 144. 1. 24. by leaving
out " and " at the end of the Amend-
ment, and inserting " under the control
" of the council, and in the reduction
" of any tax or rate for the purpose last
aforesaid, and any surplus shall be
" applied by the council," for the fol-
lowing Reason:

Because, while they adopt this
Amendment, which they consider
as framed for the purpose of en-
forcing the application to objects
of public utility the property of the
corporation, they at the same
time conceive that the corporate
body ought to have the power of
enforcing that application, and of
so directing it within the limits
proposed by the Lords Amend-
ment, that it may secure a dimi-
nution of the local burthen.

The Commons agree to the Amend-
ments as far as Pr. 157. 1. 5.

Pr. 157. 1. 5. l. 19. l. 12. l. 13. l. 17. l. 18. l. 23. l. 24. l. 25. l. 26. l. 27. l. 28. l. 29. l. 30. l. 31. l. 32. l. 33. l. 34. l. 35. l. 36. l. 37.

Cl. cxxxv. 3. 1. 2. 3. 4. 5. 6. 7. 8.

The Commons disagree to so much
of the Lords Amendments in the before-
mentioned presses and lines as substitute
" Twentieth " and " August " for
" Fifth", and " June," and they pro-
pose to insert the word " Sixteenth "
instead of the word " Twentieth," and
the word " February " instead of the
word " August," where those words
respectively occur in the lines above
mentioned, for the following Reason:

Because, in the years 1838 and 1839,
both Houses agreed that the date
in these parts of the Bill should
be of 5th of June, conformably
with the English Municipal Re-
form Act; and because, although
the Commons do not insist on
reinstating the 5th of June, they
are of opinion that the latest date
which ought to be inserted is the
16th of February, that being the
day specified in the successive
Acts for restraining the alienation
of corporate property in Ireland,
passed in 1835, 1837, 1838 and
1839.

The Commons agree to the Amend-
ments Pr. 157. 1. 7. and Pr. 158. 1. 18.

The Commons agree to the Amend-
ments as far as Pr. 174. 1. 6.

The Commons agree to the Lords
Amendments in Pr. 174. and Pr. 176.,
by which the appointment of Sheriffs is
given to the Lord Lieutenant; but in so
agreeing, and in order to give effect,
without unnecessary delay, to those
Amendments, they propose amending
the original Bill, as follows:

Pr. 174. 1. 10. Leave out " follow-
ing the year in which this Act
" shall come into operation in each
" of the said Cities and Towns
" respectively," and insert " One
" thousand eight hundred and
" Forty-one."

And Pr. 175. 1. 30. Leave out " time
" when" and insert " passing of."

And Pr. 175. 1. 40. and Pr. 176. Is.
1. and 2. Leave out " come into
operation in any of the said cities
or towns shall," and 1. 5. After
" in " insert " say of.

The Commons agree to the Amend-
ments as far as Pr. 206. 1. 29.

The Commons agree to the Lords
Cl. cxxix. 19. Amendments in Pr. 206. 1. 29., but con-
seeming that it is not intended to confer
any rights not now existing, they propose
to insert instead of the words left out
after the word " made " these words,
" so long as the right to hold such
office under such appointment would
continue if this Act had not been
passed."

The Commons disagree to the Amend-
ment in Pr. 206. 1. 34. for the following
Reasons:

Because a provision, similar in sub-
stance to the present as it stands
in the original Bill, was agreed to
by both Houses in the Bill of 1838,
(Clause 129), and in the Bill of
1839, (Clause 152.)

Because a similar provision is con-
tained in the 119th section of the
English Municipal Act.

Because the Commons do not see
any reason for making the law in
this respect vary in the two coun-
tries; and because they think it
may be desirable, with a view to
economy, independently of other
reasons, that the council should
have the means of appointing to
the office of Registrar either the
Town Clerk of the borough, or
some other officer whose functions
would not be inconsistent with
those of Registrar, and who might
have leisure to perform the func-
tions of both offices for a salary
not increased, or not much aug-
mented, by reason of the addi-
tional duties.

The Commons agree to the Amend-
ments as far as Clause (K.) in Pr. 292.
1. 27.
The Commons propose to amend Clause (N.) as follows:

The Lords agree to the three first Amendments proposed by the Commons in the Amendment made by the Lords in Pr. 7. 13.

The Lords disagree to the last Amendment proposed by the Commons to that Amendment which is in Folio 4. 1. 11. for the following Reason:
Because it is inconsistent with the Amendment made by the Lords; and because it will produce a practical change in the Parliamentary constituency intended to be provided by the Irish Reform Act.

The Lords insist upon their Amendment in Pr. 9. 1. 29. to which the Commons disagree, for the following Reason:
Because they consider the officer named in the Clause as amended by the Lords to be the most proper person to discharge the duty therein mentioned.

The Lords agree to the Amendment proposed to be made by the Commons to the Amendment made by their Lordships, in Pr. 10. 1. 26.

The Lords disagree to the Amendments proposed to be made by the Commons to Clause (A.) added by their Lordships to the Bill, for the following Reason:
Because the effect of those Amendments, so far as existing Freemen are concerned, will be to alter the existing law.

The Lords agree to the Amendments proposed to be made by the Commons, as far as Pr. 34. 1. 6.

The Lords insist upon their Amendment in Pr. 34. 1. 6, to which the Commons disagree, for the following Reason:
Because they think the Amendment so made by them necessary to insure a good and substantial constituency; an opinion entertained by the Lords when the like Amendment was originally proposed in the year 1838, and which they see no reason for now changing.

The Lords do not insist upon their Amendment in Pr. 34. 1. 14, being after " Municipal " to insert " or other local."

The Lords insist upon their other Amendment in Pr. 34. 1. 14, to which the Commons disagree, for the Reason already given in support of the Amendment in Pr. 34. 1. 6.

The Lords insist upon their Amendment in Pr. 34. 1. 14, to which the Commons disagree, for the Reason already given in support of the Amendment in Pr. 34. 1. 6, and because the same provision is contained in the Scotch Municipal Corporations Act.

The Lords disagree to the Amendment proposed by the Commons to be added at Pr. 34. 1. 31, because the same would be inconsistent with the Amendment made by the Lords in Pr. 34. 1. 6, to which the Lords, for the Reason before stated, propose to adhere.

The Lords disagree to the Amendment proposed to be made by the Commons in the original Bill, in Pr. 174. Pr. 175. and Pr. 176. for the following Reason:
Because they think it right to adhere to this part of the original Bill.

The Lords disagree, for the same Reason, to the Amendment proposed by the Commons in Pr. 206. 1. 28.

The Lords insist upon the Amendment made by them in Pr. 206. 1. 34. to which the Commons disagree, for the following Reason:
Because it is reasonable and proper that the Recorder should, for the purpose of supporting his authority, have the power of appointing the officers of his court, a principle which is recognized in the present Bill, which confers that right upon the Judge of an inferior court, the Court of Consistory.

The Lords agree to the Amendment proposed to be made by the Commons, in Fo. 1. 1. 17. of Clause (K.), added by the Lords to the Bill.

The Lords disagree to the Amendments proposed to be made by the Commons in Clause (N.), added by the Lords to the Bill, for the following Reasons:
Because before the period provided for by that Clause, viz. Twelve months from the day to be stated in the certificate of the Poor Law Commissioners, there will be no persons qualified to vote for town councillors.

Because the Amendments proposed by the Commons to that Clause are connected with certain Amendments proposed by them in Pr. 34. to which the Lords have already disagreed.

The Lords disagree to the Amendments proposed to be made by the Commons in Clause (N.), added by the Lords to the Bill, for the following Reason:
Because the object of that Clause was to give to the members of the several fraternities or guilds to which the Clause refers, a power to make such disposition of their property as it thereby provided for, and not to compel them to make such disposition.

The said Reasons and Amendments being read a second time;
Resolved, That this House doth not insist upon their disagreement to the Amendments insisted upon by the Lords; and doth not insist upon the Amendments made by the Commons to the Amendments made by the Lords to which their Lordships have disagreed; and agree to the Amendments made by the Lords to the Amendments made by the Commons.

Vol. 95.
A Message from the Lords, by Mr. Russell and Sir William Horne:

Sir, the Lords have agreed to the Amendments made by their Lordships to the said Bill: And that the Commons do go to the Lords, and desire the said Conference, for disagreeing to the said Amendment.

The Commons disagree to Clause (A.) for the following Reasons:

Because an alteration of the law affecting so extensive and important an interest ought to be fully known and duly considered before it becomes law, and at the present period of the Session to opportunity for such consideration is afforded.

Because the Amendment of the Lords gives a power of issuing a writ of execution against shareholders without notice.

Because the Amendment of the Lords makes parties, who have ceased to be shareholders more than Three years, liable to execution on judgment obtained against an officer of the Joint Stock Company, whereas they are not so liable by the existing law.

Because the Amendment of the Lords does not give sufficient notice and protection to parties who deny that they are liable as shareholders.

The Commons, being read a second time, were agreed to.

Ordered, That the House will be pleased to communicate to their Lordships, a Copy of the Report from the Select Committee appointed by this House in the present Session of Parliament, to inquire into the Administration of the Law in the Supreme Court of Scotland, with a view to ascertain whether the Number of Judges may not be diminished; together with the Minutes of Evidence, and the Appendix and Index thereto:—And then the Messengers were again called in, and Mr. Speaker acquainted them therewith:—And then they again withdrew.

Mr. Home reported from the Committee on Joint Stock Banking Companies Bill, a Bill, intituled, An Act to apply a Sum out of the Consolidated Fund, to the Service of the year One thousand eight hundred and Forty: And that Mr. Home do go to the Lords, and desire the said Conference, for disagreeing to the said Bill: And that the Commons do go to the Lords, and desire the said Conference.

Mr. Chancellor of the Exchequer reported from Joint Stock Banking Companies Bill, a Bill, intituled, An Act to continue until the Thirty-first day of August One thousand eight hundred and Forty-two, and to extend the Provisions of an Act of the first and second years of Her present Majesty, relating to Legal Proceedings by certain Joint Stock Banking Companies against their own Members, and by such Members against the Companies; That they again withdrew.

Because the restrictions contained in this Clause will produce much inconvenience to the Joint Societies, by prohibiting them from holding their meetings, not only in Public-houses and Beer-shops, but also in Coffee-houses and similar places of entertainment.

Because such a restriction is not called for by the past conduct of the licensed victuallers or beer-sellers, and is not calculated to prevent any tendency to dissipation or extravagance, or to produce any beneficial effect upon the morals of the people.

The said Reasons, being read a second time, were agreed to.

Ordered, That a Conference be desired with the Lords upon the subject-matter of the Amendments made by their Lordships to the said Bill: And that the Commons do go to the Lords, and desire the said Conference.

Mr. Chancellor of the Exchequer reported from the Select Committee, appointed by this House to the Amendments made by their Lordships to the said Bill:—The Lords request, that this House will be pleased to withdraw immediately.

The Commons disagree to Clause (A.) for the following Reasons:

Because the restrictions contained in this Clause would produce much inconvenience to the Joint Societies, by prohibiting them from holding their meetings, not only in Public-houses and Beer-shops, but also in Coffee-houses and similar places of entertainment.

Because such a restriction is not called for by the past conduct of the licensed victuallers or beer-sellers, and is not calculated to prevent any tendency to dissipation or extravagance, or to produce any beneficial effect upon the morals of the people.

The said Reasons, being read a second time, were agreed to.
Ordered, That a Conference be desired with the Lords upon the subject-matter of the Amendment made by their Lordships to the said Bill: And that Mr. Chancellor of the Exchequer do go to the Lords, and desire the said Conference.

Mr. Henes reported, That having been with the Lords to desire a Conference on the subject-matter of the Amendments made by their Lordships to the Bill, intituled, An Act to amend the Laws relating to Loan Societies; the Lords do agree to a Conference, and appoint the same immediately in their Committee-room, No. 5.

Ordered, That the Committee who were appointed to draw up Reasons to be offered to the Lords at a Conference, for disagreeing to the said Amendment, do manage the Conference: And the names of Mr. Vigors, Mr. James Stewart, Mr. Benjamin Wood, and Mr. Hindley, were added to them.

Then the names of the Managers were called over, and they went to the Conference:—And being returned;

Mr. Henes reported, That the Managers had been at the Conference, which was managed on the part of the Lords by the Marquis of Salisbury, and that they had delivered the Reasons for disagreeing to the said Amendment, and had left the Bill and Amendments with their Lordships.

Mr. Chancellor of the Exchequer reported, That having been with the Lords to desire a Conference on the subject-matter of the Amendment made by their Lordships to the Bill, intituled, An Act to continue until the Thirty-first day of August One thousand eight hundred and Forty-two, and to extend the Provisions of an Act of the first and second years of Her present Majesty, relating to Legal Proceedings by certain Joint Stock Banking Companies against their own Members, and by such Members against the Companies; the Lords do agree to a Conference, and appoint the same immediately in their Committee-room, No. 5.

A Message from Her Majesty, by Sir Augustus Clifford, Gentleman Usher of the Black Rod.

Mr. Speaker,

The Queen commands this Honourable House to attend Her Majesty immediately in the House of Peers.

Accordingly Mr. Speaker, with the House, went up to attend Her Majesty, where Her Majesty was pleased to give the Royal Assent to the several Public Bills following. viz.

Consolidated Fund (Miscellaneous) Bill.

An Act to apply a Sum out of the Consolidated Fund to the Service of the year One thousand eight hundred and Forty, and to appropriate the Supplies granted in this Session of Parliament:

An Act to carry into effect, with certain modifications, the Fourth Report of the Commissioners of Ecclesiastical Duties and Revenues:

An Act to amend the Laws relating to Loan Societies:

An Act to continue until the Thirty-first day of August One thousand eight hundred and Forty-two, and to extend the Provisions of an Act of the first and second years of Her present Majesty relating to Legal Proceedings by certain Joint Stock Banking Companies against their own Members, and by such Members against the Companies:

An Act to continue for Four Years from the Fifth day of July One thousand eight hundred and Fifty-eight, the Duties now levied on Coal and Wines imported into the Port of London.

After which, Her Majesty was pleased to make a most gracious Speech from the Throne to both Houses of Parliament, as followeth:

My Lords, and Gentlemen,

The state of public business enables Me to close this Session of Parliament; and in releasing you from your attendance, I have to thank you for the care and attention with which you have discharged your important duties.

I continue to receive from Foreign Powers assurances of their friendly disposition, and of their anxious desire for the maintenance of peace.

I congratulate you upon the termination of the Civil War in Spain. The objects for which the Quadruple Engagements of 1814 were contracted, having now been accomplished, I am in communication with the Queen of Spain, with a view to withdraw the Naval Force which, in pursuance of those engagements, I have hitherto stationed on the Northern Coast of Spain.

I am happy to inform you, that the differences with the Government of Naples, the grounds and causes of which have been laid before you, have been put into a train of adjustment by the friendly mediation of the King of the French.

I rejoice also to acquaint you that the Government of Portugal has made arrangements for satisfying certain just claims of some of My subjects, and for the payment of a sum due to this Country under the stipulations of the Convention of 1827.

I am engaged, in concert with the Emperor of Austria, the King of Prussia, and the Sultan, in measures intended to effect the permanent pacification of the Levant, to maintain the integrity and independence of the Ottoman Empire, and thereby to afford additional security for the peace of Europe.

The violent injuries inflicted upon some of My subjects by the officers of the Emperor of China, and the indignities offered to an agent of My Crown, have compelled Me to send to the coast of China a Naval and Military Force for the purpose of demanding compensation and redress.

I have gladly given My assent to the Act for the Regulation of Municipal Corporations in Ireland.

I trust that the Law which you have framed for further carrying into effect the Reports of the Ecclesiastical Commissioners will have the beneficial effect of increasing the efficiency of the Established Church, and of better providing for the Religious Instruction of My People.

I have observed with much satisfaction the result of your deliberations on the subject of Canada. It will be My duty to execute the measures which you have adopted in such a manner as, without impairing the Executive Authority, may satisfy the just wishes of My subjects, and provide for the permanent welfare and security of My North American Provinces.

The legislative bodies of Jamaica have applied themselves to the preparation of Laws, rendered necessary or expedient by the altered state of society. Some of these laws require revision and amendment; but I have every reason to expect cordial assistance from the Assembly of Jamaica in the salutary work of improving the condition and elevating the character of the inhabitants of that Colony. The conduct of the emancipated Negroes throughout the West Indies has been remarkable for tranquil obedience to the Law, and a peaceable demeanour in all the relations of social life.

Gentlemen of the House of Commons,

I thank you for the Supplies which you have granted for the Service of the year.

I lament that it should have been necessary to impose additional burthens upon My people; but I have every reason to expect cordial assistance from the Assembly of Jamaica in the salutary work of improving the condition and elevating the character of the inhabitants of that Colony. The conduct of the emancipated Negroes throughout the West Indies has been remarkable for tranquil obedience to the Law, and a peaceable demeanour in all the relations of social life.

My Lords and Gentlemen,

In returning to your respective Counties you will resume those duties which you perform so much to the public benefit and advantage. It is my anxious desire to maintain tranquility at home and peace abroad. To these objects, so essential to the interests of this Country and to the general welfare of mankind, My efforts will be sincerely and unceasingly directed; and, feeling assured of your cooperation and support, I humbly rely upon the superintending care and continued protection of Divine Providence.

Then the Lord Chancellor, by Her Majesty's Parliament Command, said:

My Lords and Gentlemen,

It is Her Majesty's Royal Will and Pleasure, that this Parliament be prorogued to Thursday the 8th day of October next, to be then here held; and this Parliament is accordingly prorogued to Thursday the 8th day of October next.
Parliament Prorogued.

Jovis, 8° die Octobris;
Anno 4° Victoriae Reginae, 1840.

THE House being met, pursuant to the last Prorogation; and Mr. Speaker being in the country;
A Message was brought from the Lords, by Mr. Pulman, Yeoman Usher of the Black Rod:
Gentlemen of the House of Commons,
The Lords, authorized by virtue of Her Majesty's Commission, desire the immediate attendance of this Honourable House in the House of Peers, to hear the Commission read.
Accordingly the House, with the Clerk Assistant, went up to the House of Peers; where the Commission was read, for the further proroguing of the Parliament until Thursday the 12th day of November next; and the Parliament was accordingly prorogued until Thursday the 12th day of November next.

Jovis, 10° die Decembris;
Anno 4° Victoriae Reginae, 1840.

THE House being met, pursuant to the last Prorogation; and Mr. Speaker being in the country;
A Message was brought from the Lords, by Mr. Pulman, Yeoman Usher of the Black Rod:
Gentlemen of the House of Commons,
The Lords, authorized by virtue of Her Majesty's Commission, desire the immediate attendance of this Honourable House in the House of Peers, to hear the Commission read.
